Julius Guttag, Esq.,

New York.

Dear Sir:-

I beg to acknowledge receipt of your inquiry of October 30th regarding the cost of a set of the American Journal of Numismatics from 1886 to 1915. Volumes 1 to 6 are the scarce volumes. The price of them is \$18.00. Volumes 7 to 47 are \$1.00 each - \$48.00. Volume 48, 1915, is five dollars. Total \$105.00.

May I urge that you decide promptly if you desire a set of our Journals. We are sending out the circular for Mr. Frey's forthcoming dictionary, and are anticipating orders for the Journal, the listing of which appears prominently on his folder. There are only a few complete sets left, naturally we would like to give our members precedence.

Thanking you for your inquiry and awaiting your reply, I am,

Mr. Sydney P. Voe, Secretary,
The American Numismatic Society,
156th Street & Broadway,
New York City.

Dear Sir:-

Replying to your favor of the 9th inst. we would be pleased to sell the coins which you are distributing to commemorate the signing of the Treaty of Peace, but we would want to have about Five Thousand of these circulars and to have our name printed on the same, stating that these coins are for sale by us at the price of \$5.00, including postage and registry.

As the class of trade in which we deal is practically different from the general run of the coin dealers, we believe we would be able to dispose of some of these coins.

If you have any doubts as to our ability, we would suggest that you enquire of Mr. Farran Zerbe, as we were one of the largest, if not the largest sellers of the Panama Pacific Exposition sets as well as the \$1.- gold pieces of that issue.

As we have a window display on the ground floor in Wall Street, we would be pleased to use this for a special display of these coins, if we can get the proper paraphernalia.

Trusting to hear from you further, we are

Very truly yours,

P. S. Would also suggest that you have one of your representatives call on us.

Gentlemen:

Your letter of the 10th instant is at hand.
I am very glad to have your favorable reply.

I think we can arrange to let you have the
circulars you want, and I will try to call on you with-
in the coming week to discuss other details.

As you will recall that our purpose is not to
issue the medal until the Peace is signed, there is
small reason for haste, according to present indications.

Secretary.

Dear Mr. Outtag:

I have talked with the other members of the Staff here about your proposal to purchase the remaining 350 copies of the "Exhibition of U.S. and Colonial Coins" catalogue at 65¢ per copy, and they are all unanimous in thinking that we should accept your offer, in view of your agreeing to sell the catalogue at not more than One Dollar per copy, plus postage, for one year. There is to be a special meeting of the Council on January 22nd, at which time your proposal will be submitted.

I very much wish that, in the meantime, we could reach some definite understanding about Mr. Frey's Dictionary. We have no desire to ask you to make an offer by which you may lose out, but if we could make some mutually satisfactory arrangement which could be submitted to the Council at the same time as the other matter, it would be very much more satisfactory. Do you want to make a proposal?

For your information, in addition to the number printed as ~~Volume 11~~ of the Journal, there were ¹ unnumbered copies without the Journal imprint and with a separate title page, of which ~~2~~ ² copies remain; and a further lot of ~~100~~ ¹⁰⁰ numbered copies, of which there are ~~34~~ ³⁴ remaining. These volumes, of course, would have to be sold at \$5.00 each, for otherwise we should be underselling the cost of subscription to the Journal for that year. If you do not care to make an offer for the entire number of the remaining copies, exclusive of the Journal, perhaps you might consider making a proposal for part of them. I should be glad to hear from you.

Dear Mr. Noe:

With reference to your favor of the 15th instant, we would be interested in trying to dispose of Mr. Frey's picture at \$5.00 per copy, if we were allowed a discount of about 50%. We in turn would agree not to sell the book under \$5.00.

To begin with we would take about ten copies as a start and we could then see how well they go, and could probably take on many more from time to time.

Dear Mr. Guttag:

I am enclosing bills for the consignment of books sent you. I am not quite clear whether or not you wanted the Frey copies "on consignment". If you desire it so, we have no objection, but I have not wanted it that way, in the event you might decide to accept the alternative.

I am sending you, herewith, an order for a copy of the U.S. Catalogue; and this will be done with future orders. I have deducted the dollar from our invoice; and you will also deduct the cost of expressage in transmitting.

Orders for Frey's Dictionary received here are not subject to this arrangement, as I understand it. If I am not correct in this, please telephone me.

What would you think of listing a full set of the American Journal?

Attention - Mr. Julius Cutting

Gentlemen:

Yours of the 31st at hand, together with cheque for \$246.54. Thank you very much indeed.

I do not feel entirely clear whether we should send you two additional copies, or whether you deducted the cost of these in making your payment. This uncertainty being due to not having the amount of expressage.

Concerning the American Journal sets, do I understand that you are offering to list this among your books as a contribution toward our Library fund, to which the proceeds of any sales would go?

The price of a full set of our Journals would be \$135 (unbound); although I think if we could get \$100 for a set, we should accept the offer.

Volume LI, which you have, contains the Index to the preceding volumes. There are 53 annual volumes, in all, extending from 1866 to 1919, and containing articles on almost every phase of American numismatics by such writers as: Appleton, Maris, Crosby, Groh, Levick, Frey, Betts, Newell, Low, Comparette, Adams and Wormser.

Dear Mr. Cuttag:

In view of your generous contribution toward our Indian Peace Medal Fund, you may be interested to learn that we were very successful in securing sufficient funds to enable us to purchase every one of the twenty medals which we especially desired.

Our collection of Indian Peace Medals is now a truly remarkable gathering, the like of which exists nowhere else in the world. The Society is, therefore, very appreciative of your loyal and generous assistance which has contributed so largely to the fortunate result, as outlined above.

Please allow me to add my own personal thanks to those of the Society, and believe me,

Yours very gratefully,

I am sending along with the twelve Frey's Dictionaries for which your representative asked yesterday, three other titles of which we have several copies bound in the same fashion - Mr. Wood's Coinage of the West Indies should be worth five dollars, while Williams' Gold Coinage of South America and Wormser's Transylvania ought to bring, at least, three dollars each. From these prices, we could allow fifteen percent discount as usual. Do you want additional copies?

I have also, unbound, three copies of Low's Hard Time^s Tokens (new), and with these can furnish the supplement as it appeared in the Journal. These should be worth at least \$7.50 each.

Your letter to Mr. Wood asking that we lend you Haseltine's Type Table is at hand. I would have answered it before this if it were not that I feel some qualms about allowing our copy to leave the library. We had another copy which we did lend and which has never been returned and because it is next to impossible to obtain this work now, I feel that it would not be permissible for us to entrust it to the mail. Is there any way whereby you might consult it here? Dear Sir:

Responding to your letter of the 6th, the volumes of Medina which we have and which, I believe, are all that are still in print are as follows:-

Bibliografía numismática colonial Hispano-Americana.	Santiago 1912
Medallas coloniales Hispano-Americanas.	Santiago 1900
Medallas de proclamaciones y juras de los Reyes de España en América.	Santiago 1917
Las medallas de Almirante Vernon.	Santiago 1919
Las monedas chilenas.	Santiago 1912
Las monedas coloniales Hispano-Americanas.	Santiago 1919
Las monedas obsidionales Hispano-Americanas.	Santiago 1919

I believe it will be easiest to obtain these by direct correspondence with the author, whose address is Santiago, Chili. If he is not able to supply them directly, he will refer you to the bookdealer who handles them, but as I understand it, many of them have been issued at his own expense, that is published as well as written by him. I hope this will give you the information you desire.

I have informed you on several occasions that I am presenting to the American Numismatic Society my Latin-American Collection as described in the book which I have just published. I shall continue to purchase from time to time such additional pieces as shall make the collection more complete and I intend to present eventually this entire Latin-American Collection to the Society.

Now that you are erecting a new building to house additional coins, I would desire to have a room reserved in the new building to house my collection.

Very truly yours,

Julius Gutttag

Dear Mr. Guttag:

Yesterday I received through Mr. Wood, a copy of the Catalogue of your collection of coins of Central and South America. Thank you very much indeed. It makes an impressive looking volume, and besides being a very desirable addition to our library, it also promises to be a very useful one.

Very sincerely yours,

Attention Mr. Julius Cuttag

Dear Mr. Cuttag:

I have your note of the 18th and it finds me in the throes of moving from the old building into the new, and I am therefore unable to spare the time to come downtown. I should be much obliged to you if you would send the proofs to me here at the Museum.

Yours very truly,

Dear Mr. Cuttag:

From the Minutes of our Annual Meeting, I am copying a paragraph for your information. We were sorry that it was not possible for you to be here, but I did want you to know of our appreciation for your gifts, and am therefore sending this along.

"Your Committee is informed by the Curator, that during the past year, our member, Mr. Julius Cuttag, has continued to keep the Museum of the Society supplied with new issues as they made their appearance. It seems fitting that this opportunity be taken to extend the thanks of the Society to our member, Mr. Cuttag, for his generosity, and for his special interest in enriching the collections of the Society".

Sincerely yours,

Secretary.

The large package of catalogues came duly to hand to-day. Thank you very much indeed for thinking of our library in this connection. We appreciate it greatly.

Dear Mr. Guttag:

Thank you for the copy of "BURROUGH'S CLEARING HOUSE"
with its rather amusing article about the world's first
standard mint. I am glad to have it, but if you read it, I
believe you will agree with me that this is not the sort of
numismatics that deserves to be encouraged!

I hope we shall see you one of these days.

Very cordially yours,

Secretary.

Dear Mr. Guttag:

The package of books and catalogues which reached us yesterday, was a very welcome gift. One of the two volumes of the TRÉSOR DE NUMISMATIQUE supplemented our set splendidly. Our volume was unbound and incomplete. Thank you very much indeed for your thought for our library.

Secretary.

Dear Mr. Guttag:

Your note of May 28th somewhat surprises me as I think all our previous consignments of Frey's dictionaries have been on the basis of fifteen per cent discount. This is the limit of what the Council authorizes me to offer and under the circumstances you will please feel free to return the volumes if you cannot accept them at this figure.

Dear Mr. Guttag:

Referring to your letter of May 28th regarding discount on three copies of Grey's dictionaries sent you on May 27th, to which I replied that fifteen percent was all that I was permitted to allow, may I ask whether you have decided to keep these copies, and if so, whether you wish our bill which you returned to us? I am enclosing it in the event of an affirmative reply, as without this you will have no memorandum whatever to cover the three copies which were not returned to us as I suggested if you did not care to accept the price at which they were assigned.
